

# Supported by Wandsworth Council logo

---

Organisations that receive financial or other forms of support from the council may have permission to incorporate the council's corporate logo on their publicity material.

This should take the form of the 'Supported by Wandsworth Council' logo.

This logo appears in black only and is supplied as a png.

If the logo appears against a dark background or image, it should appear with a white border, this is already part of the logo.

The logo should not be used smaller than 15mm across or altered in any way.
